

ULTRA 9020BT

Battery powered portable

Portability, Versatility, Flexibility in your hand
With Wireless solution

- **Smaller focal spot(0.8 x 0.8mm)** for improved image quality
- Built-in rechargeable Lithium-ion battery
- **2.5 hours to charge for over 1,400 images**
- Battery status indication / Reverse display function
- High-tech wireless connectivity to DR system
- Robust design to meet the needs of anywhere use

ECOVIEV

Battery Powered Portable x-ray unit - ULTRA 9020BT

Description	Specification
Generator Type	High Frequency Inverter
Max. Output Power	1.35kW, 15mA@90kV
Tube	Focal spot : 0.8 mm / Target angle : 16 degrees / 7kJ
Total Filtration	2.7 mmAl
kV Range	40 - 90kV
mA Range	12 - 20mA
mAs Range	0.32 - 30mAs
Battery Type	Rechargeable Lithium-Ion Polymer Battery
Battery Input power	58VDC / 1A
Charger Power	110/220AC, 50/60Hz
Charger Time	About 2.5hrs
Laser Pointers	Class2 Diode Laser / Output max.3.0mW
OP & LED Display	The status of battery charged 7 Segment operation display for kV and mAs setting Ready, X-Ray, Wait & Error (Low voltage or Overload) collimator lamp ON/OFF, APR storage key and reverse display
APR memory	7 Memory standard and extendable to 12 combinations

* Specifications are subjects to change without prior notice.

Operation Panel

Available bluetooth communication with external application

For Complete Wireless & Advanced Technology

Digital Acquisition Software
"ECOVIEW"

Wireless detector
with AED function

Battery Portable

App for operation

Bluetooth

Standard Accessories

Built-in Battery Pack / Charger

Aluminum Hand Carry Box

OEM color is available
